Dimensions:

- Basic Black Cardstock: 4 ¼" x 11" (one piece), 3" x 4" (one piece)
- Very Vanilla Cardstock: 4" x 5 ¼" (one piece), 2 ½" x 6" (one piece)
- Neutrals Patterns Designer Series Paper Pack: 2 ¾" x 3 ¾" (one piece)
- Barn Red Metal Sheet: 2 ½" x 2 ½" (three pieces)
- Rock Star Black Metal Sheet: 4" x 5 ¼" (one piece)

Step 1 Take the 4 ¼" x 11" sheet of Basic Black Cardstock, line up the 11" side along the top of the paper cutter, and score at 5 ½".

Step 2 Take a 4" x 5 ¼" piece of Rock Star Black Metal Sheet, place it in the Vintage Wallpaper Impressions Folder, and run it through the Big Shot. Take a piece of Cherry Cobbler ½" Seam Binding, wrap around metal sheet, tie in a bow, and cut off excess. Place Sticky Strip along the perimeter of the back of the Rock Star Black piece and attach to the card front.

Step 3 Take the 2 ¾" x 3 ¾" piece of Neutrals Patterns Designer Series Paper, run the Embossing Buddy over the designer paper, stamp the image with Basic Black Craft Ink, pour Basic Black Embossing Powder, remove excess, and set with Heat Tool. Take the stamped piece, run Snail Adhesive along the back, and attach it to the 3" x 4" piece of Basic Black Cardstock. Place Stampin' Dimensionals along the back of the piece and attach it to the card front. Place Rhinestone Jewels on the piece as shown in the picture.

Step 4 Take the three Barn Red Metal Sheet pieces that measure 2 ½" x 2 ½", place them on the corresponding butterfly, and run them through the Big Shot. Emboss the butterflies with the Vintage Wallpaper Impressions Folder. Use the Sanding Block to sand the three butterflies.

Step 5 Attach the three butterflies by placing Sticky Strip vertically in the center of the body of two of the butterflies. Use a toothpick to place Crystal Effects along the center of the body of the top butterfly and place Rhinestone Jewels. Allow the piece to dry.

Step 6 Place Sticky Strip horizontally along the back of the last butterfly, peel the red film, and attach to the card front.

Step 7 Take a 4" x 5 ¼" piece of Very Vanilla Cardstock, run the Embossing Buddy along the lower right hand corner, stamp the swirl image with Basic Black Craft Ink, pour Basic Black Embossing Powder, remove excess, and set with Heat Tool. Run Snail Adhesive along the back and attach to the inside of the card. Place Rhinestone Jewels along the swirl.

Step 8 Run the Embossing Buddy over the lower right hand corner of the envelope, stamp the swirl image with Basic Black Craft Ink, pour Basic Black Embossing Powder, remove excess, and set with the Heat Tool. Take a 2 ½" x 6" piece of Very Vanilla Cardstock, emboss it with the Vintage Wallpaper Impressions Folder (don't worry about the piece that hangs out), attach it to the envelope flap with the Snail Adhesive, and cut off excess cardstock from the envelope flap.
