Instructions for Paper Doily Sizzlits Metal Embossed Soap Dispenser:

Step 1 Take the 4 ¼" x 4 ¼" piece of Metal Tape Sheet, place it aluminum side down on the Paper Doily Large Sizzlits Die, place it on the cutting pad, and place another cutting pad on the assembled piece.

Step 2 Open the Multipurpose Platform to Tab 1, place the assembled piece on it, and run it through the Big Shot.

Step 3 Use the Paper Piercing Tool to remove all small pieces from the doily. Peel the White Film off the back of the Doily Metal Tape Sheet piece and attach the doily starting from either the left or right hand side. Smooth out the areas carefully until the entire piece is attached. Work one section at a time.

Step 4 Go over the doily with a Brayer.

Step 5 Take a Paper Stump and flatten and smooth out any areas on the doily.

Step 6 You are done!
