- Riding Hood Red $\frac{3}{8}$ " Pleated Satin Ribbon: 7" (1 piece)

Instructions for I {Love} Love Valentine's Day Altoid Tin Scrapbook:

Step 1 Take the $2\frac{6}{16}$ " x $3\frac{13}{16}$ " piece of **Everyday Enchantment Designer Series Paper** and place the lid of the White Tin on top it. Trace the corners and cut them off.

Step 2 Take a sandwich bag, place $\frac{1}{2}$ tbsp. of water in it, and add 40 drops of Cherry Cobbler Classic Ink. Place the Pleated Satin Ribbon in the bag. Seal the bag, squish it around until the color is absorbed in the ribbon. Pull out the ribbon, place it on a paper towel, pat it dry carefully, and let it dry.

Step 3 Run Snail Adhesive along the front of the piece in Step 1 and attach the Pleated Satin Ribbon. Wrap the ends around the back. Take Mod Podge and apply a thin coat on the lid. Attach the **Everyday Enchantment Designer Series Paper** piece to the front of the tin. **Note: You will need to go over it with your hand or a Brayer.**

Step 4 Take the 2 ¾" x 4 ¼" piece of **Everyday Enchantment Designer Series Paper**, place the bottom of the tin on it, trace the piece, and cut inside the traced line. Check to see if it fits on the inside of the top lid. If it does, distress the edges with Cherry Cobbler Classic Ink, place Mod Podge on the back of the paper and attach it to the inside lid of the tin. **Note: If it doesn't fit, cut it down until it does and then apply the Mod Podge.**

Step 5 Take the 3/8" x 12" and 2/8" x 12" piece of **Everyday Enchantment Designer Series Paper** and place Sticky Strip along the back of each piece. Make sure to trim the excess from the 2/8" x 12" piece. Attach the end of the 3/8" x 12" piece to the back of the bottom half of the White Tin. Continue wrapping it around until both ends meet in the back. Follow this same procedure for the 2/8" x 12" piece but attach it to the upper half of the white tin.

Step 6 Take both 3 ¼" x 12" Cherry Cobbler Cardstock pieces and score each piece at 2" intervals. Fold each piece accordion style and go over the creases with your bone folder.

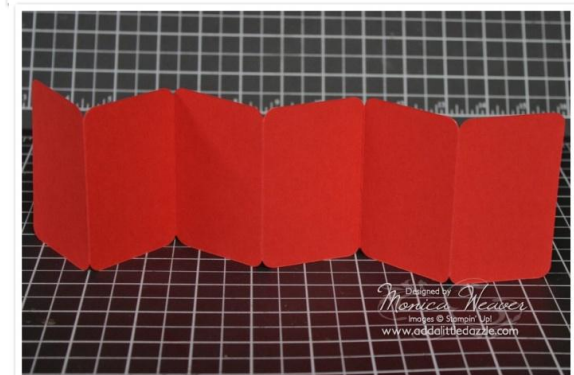

Step 7 Take the Corner Rounder and round the edges of the accordion.

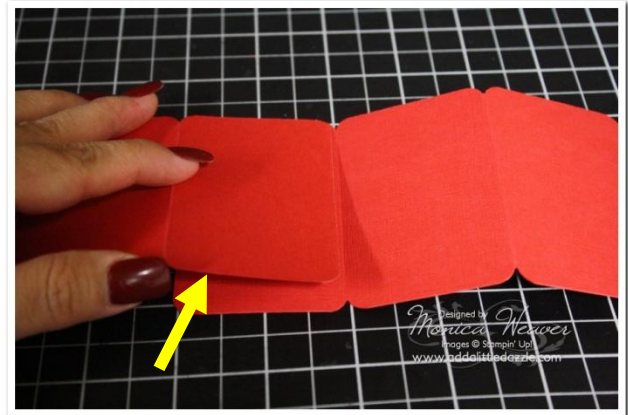

Step 8 Fold the pages over and use the Corner Rounder to the corners of the inner sections of the pages. Continue this process until you have rounded all your corners.

Step 9 Your accordion piece will look as follows.

Step 10 Place Sticky Strip on the left hand end of one of the pieces, peel the red film, and attach the right hand side of the second piece to the first one. You will have one long piece.

Step 11 Ink the edges of the **Everyday Enchantment Designer Series Paper** and attach the paper with Snail Adhesive as shown in the picture. **Note: Place Designer Series Paper on every other panel. The blank panels will be for pictures.** Flip the assembled piece over and follow the same **Note: Place Sticky Strip on the back of the panel shown in the picture with an arrow.**

Step 12 Cut the pictures to 1 3/4" x 3", round the edges, and attach to the panels with Snail Adhesive. Follow this same step for the back side.

Step 13 Fold up the accordion as shown.

Step 14 Flip the accordion over to the side that has the Sticky Strip attached in Step 11, peel the red film, and attach the Cherry Cobbler ½" Seam Binding to the center. Attach the mini scrapbook to the inside of the tin.

Step 15 Tie the ribbon in a bow.

Step 16 Open the My Digital Studio Program and choose the “**Love**” and “**Hugs & Kisses**” Digital Image from the **I {Love} Love Stamp Brush Set**. Set the size to w: 2.107 and h: 0.972 and change the color to Cherry Cobbler.

Step 17 Enter as many images as desired on the page, resize and change the color. Print it on Very Vanilla Cardstock.

Step 18 Punch the two images with the Extra Large Oval Punch and place Rhinestone Jewels underneath the word “**Love**”.

Step 19 Take both pieces of 2" x 3" Cherry Cobbler Cardstock, place it on the Lots of Tags Sizzlits, and run them through the Big Shot.

Step 20 Run Snail Adhesive along the back of the Very Vanilla pieces and attach them to the Cherry Cobbler Tags. Place Stampin' Dimensionals along the back of both pieces and attach "Love" to the front of the tin.

Step 21 Take a $\frac{3}{4}$ " x $3\frac{3}{4}$ " piece of Rustic Red Metal Sheet, place it in the Adorning Accents Impressions Folder, and run it through the Big Shot. Place Sticky Strip along the back and attach it to the inside of the tin. Attach the "Hugs & Kisses" tag on top of the metal with Stampin' Dimensionals.
