Instructions for Lattice Metal Foil tape Sheets Glass Candle Holder:

Step 1 Place the Lattice Bigz Die on a cutting pad, take a 4" x 4" piece of Metal Tape Sheet, and place it aluminum side down on the Lattice Bigz Die. Place the second cutting pad on top of the assembled piece and run it through the Big Shot. Follow the same step for two more pieces.

Step 2 Peel the White Film off the back of the Lattice piece and attach it onto the Glass Candle Holder.

Step 3 Attach the two remaining pieces and go over it with a Brayer.

Step 4 Go over the entire piece with a Paper Stump to completely adhere the Metal Tape Sheet to the glass candle jar.

Step 5 Use a toothpick to place dots of Crystal Effects in the openings. Then, attach the pearls and allow the piece to dry.

Step 6 Place a candle inside and light it for a perfect Easter Décor piece.
