## Instructions for Metal Embossed DIY Picture Frame

**Step 1** Take the 4" x 6" Add a Little Dazzle Craft Metal Sheet, place it inside the Lacy Brocade Impressions Folder, and run it through the Big Shot.

**Step 2** Place the embossed piece on a Standard Cutting Pad (must not have any marks on it). Take the Pointed Refiner (*found in Add a Little Dazzle Tool Kit*) and draw swirls in the flattened areas of the Lacy Brocade design. Do this to the entire piece.

**Step 3** Rub Black Scuff Mark Polish on the embossed piece and remove excess with a paper towel.

**Step 4** Place the piece inside the picture frame.
