- **Pucker Me Pink Craft Metal Sheet:** 7/8" X 4 1/2" (6 pieces), 1" square (4 pieces)

Instructions for Metal Embossed Poinsettia Ornament Gift Box:

Step 1 Cut an **8 1/2" x 11" piece of Brushed Gold/Silver Cardstock** into the dimensions listed below, score all four sides at 1", and cut the small flaps as shown in the video:

❖ **3 1/16" x 6 9/16" (two pieces)**

❖ **4 1/2" x 5 3/4" (one piece)**

Step 2 Cut out metal sheet pieces that measure **7/8" x 4 1/2" (six pieces)** and use the 1" square punch to punch (**four square pieces that measure 1"**). Place the pieces in the Impressions Folder and run them through the Big Shot. Take the four square pieces and remove a small excess as shown in the video.

Step 3 Place Sticky Strip along the back of all metal sheet pieces. Peel the red film and attach them in the corresponding areas of the **3 1/16" x 6 9/16" piece of card stock**. Follow the same steps for the 2nd lid. Go over all the metal sheet areas with the Paper Stump. This will allow the metal sheet to stick to the card stock without removing the color from the metal sheet.

Step 4 Cut the flaps off the top of the clear A2 Box and assemble it. Attach Sticky Strip to the bottom of the clear box, peel red film, and carefully attach one of the lids to the bottom of the box.

Step 5 Place the **4 1/2" x 5 3/4" piece of Brushed Gold/Silver Cardstock** to the inside of the clear box.

Step 6 Place Iridescent Filler in the bottom of the box.

Step 7 Place the ornament in the box and run the end of the ribbon (on the ornament) through the hole on the top of the box. Adjust the ornament to the desired height. Take the second lid and place it on the open end of the clear box. Make sure the ribbon is neatly tucked in as it will be secure with the top lid.

- ❖ **Option 1:** Punch a hole on the top section of the A2 size clear box (the side with the Brushed Silver Cardstock). Take your scissors and cut a small slit. **Note: Make sure you punch the hole within 1" from the top so that when you place the lid on top it will not be visible.**
- ❖ **Option 2:** Attach the ornament with Mini Glue Dots.
